

## SUMMARY

M. Ghayasuddin, N.U. Khan – <i>Remarks on Extended Gauss Hypergeometric Functions</i> .....	1
V. Pescar – <i>Certain properties of an integral operator</i> .....	15
B. Daraby, A. Shafiloo, A. Rahimi – <i>Carlson type inequality for Choquet-like expectation</i> .....	23
A. Firouzjai, G.A. Afrouzi, S. Talebi – <i>On the Existence of positive solutions for a class of singular nonlinear semipositone systems</i> .....	37
Firdous A. Shah – <i>On the composition of two starlike functions</i> .....	47
C. Selvaraj, K.R. Karthikeyan, S. Lakshmi – <i>Certain Subclass Of Bessel functions with respect to <math>(j, k)</math>-symmetric points</i> .....	67
R.M. El-Ashwah, E.E. Ali – <i>A Class of Complex-Valued Harmonic Functions Defined by Extended Multiplier Dizok-Srivastava Operator</i> .....	79
Q. Din, M.A. Khan – <i>Neimark-Sacker bifurcation and chaos control in a modified Nicholson-Bailey model</i> .....	93
S. Shokooh, G.A. Afrouzi, S. Heidarkhani – <i>Multiple solutions for <math>p(x)</math>-Laplacian-like problems with Neumann condition</i> .....	111
D. Breaz, C.I. Tanase – <i>Univalence Criteria for Integral Operators on the Bessel and Struve Class of Functions</i> .....	129
