There are some errors in the above paper. These errors are corrected as follows:

On page 467 on the lowest line of the diagram, read $X\backslash e$ in place of $X\backslash p$.

On page 467, line 1 from the top, read $i \circ j$ in place of $i \times j$.

Also on page 467, lines 2 and 8 from the top, read $i_\theta \circ j' = b \circ j$ in place of $i_\theta \times j' = b \times j$, respectively.
