Editorial

NONLINEAR DYNAMICS AND THEIR APPLICATIONS TO ENGINEERING SCIENCES

JOSÉ MANOEL BALTHAZAR

This special issue of Mathematical Problems in Engineering (MPE) contains papers presented in the scientific event "Conference on Nonlinear Dynamics," held in Kharkov, Ukraine, September 14–16, 2004 (ND-KPI 2004).

We hope that this special issue will contribute to the progress of applications on nonlinear dynamics and control and the growing field at the intersection point of applied mathematics and applied science and modern technologies.
